NPLAD in an attempt to facilitate biblical, theological and ministerial training as an entry way to credentials will be offering a **"ONE YEAR Fast-Track program to Credentials"** which will meet the requirements from General Council of the Assemblies of God. Nplad seeks to prepare ministerial candidates for credentials and offer biblical, theological and ministerial training for local church leaders. The **"ONE YEAR FAST-TRACK PROGRAM to Credentials"** will serve as the minimal requirement for the entry-level credentials with the Northern Pacific Latin American District; a two-year level for Diploma will follow the completion of the first year. The two year diploma will meet the require course work for License and Ordain credentials with the General Council of the Assemblies of God. Candidates for credentials may enroll at any time given the fact that programs will follow a circular format. FAST-TRACK (entry) Level- Certified Credential: The EIGHT basic courses are taught one after another in a continuous way; ONE course will be available via self-study by correspondence and the OTHER course will be given on a weekend intensive format.
